Adopted: 8/2018

Approved Private Schools

1. Obligations of the district:
 - a. The district ensures that parents/guardians are included in any decision about their child's evaluation, eligibility, placement or provision of services.
 - b. If the district refers a student with a disability to, or places such a student in, a private school or facility as a means of providing special education and related services, the district ensures that the student receives an education that meets the standards of the state in a private preschool, school or facility approved by the Oregon Department of Education to provide such education in conformance with an IEP, and at no cost to the parents/guardians, and has all the rights of a student with a disability who is served by the district.
 - c. Before placing a student with a disability in an approved private school or preschool, the district ensures that the program has current Oregon Department of Education approval to provide special education and related services.
 - d. The district or public agency fulfills all federal and state requirements relating to the evaluation, the IEP/IFSP development and placement when determining whether to place the child in an approved private preschool or school for special education services.
 - e. For each student age three through 21, the district's or public agency's placement team, including the parents/guardians, determines whether placement in an approved private school constitutes a free appropriate public education in the least restrictive environment.
 - (1) When proposing to place a child with a disability in an approved private school or preschool, the district ensures that school-age students are district residents or preschool-age children are eligible to receive EI/ECSE or special education services.
 - (2) The district initiates and conducts an individualized education program team meeting that includes a representative of the approved private school. If a representative of the approved private school, or other member of the IEP/IFSP team is unable to attend the IEP/IFSP meeting, the district and the parents/guardians may agree to use alternative means of meeting participation, such as individual or conference telephone calls, or video conferences.
 - (3) After the district initially places a student in an approved private school, any subsequent meetings to review or revise an IEP/IFSP or placement are the responsibility of the district or public agency, unless the district or public agency requests by written agreement that the approved private school initiate and conduct meetings to review and revise the IEP or IFSP.
 - (4) The district may, by written agreement, request that the approved private school initiate and conduct meetings to review and revise the IEP or IFSP. Under such an agreement the district remains responsible for ensuring the private school or preschool meets:
 - (a) All federal and state requirements related to these meetings; and
 - (b) Ensures the participation of parents/guardians and the district or public agency representative.
 - (5) The private school or preschool may not determine or implement program changes without the participation and agreement of the parents/guardians and the district or public agency representative.
 - (6) The district in which the child resides provides transportation to and from the approved private school or preschool at no cost to the parent.
 - (7) The district or public agency terminates the placement of students in a private school or preschool if the Oregon Department of Education suspends, revokes, or refuses to renew the approval of a private school or preschool.

2. Out-of-State Placements for Special Education

- a. The district ensures that any private educational institution located outside the state of Oregon with which it contracts to provide special education and related services to Oregon students is approved by the state educational agency of the state in which the educational institution is located. If the state does not have a formal approval process, the educational institution shall meet whatever requirements apply for private schools to serve publicly placed students in that state.
- b. The district maintains documentation of such approval and makes it available to the Oregon Department of Education (ODE) upon request.
- c. The district makes contractual agreements for out-of-state placements for the provision of special education and related services when, in accordance with applicable federal and state law, the district has:

3. District Responsibility for Students Enrolled by their Parents in Private Schools

- c. Written affirmation and complaint:
 - (1) The district requests a written affirmation, signed by the administrator of each private school participating in the consultation process that a timely and meaningful consultation occurred;

 - c. The district may provide private school students with disabilities a different amount of services than students with disabilities attending public schools in the district.
 - d. The district may provide services to private school students with disabilities onsite at the student's private school, including a religious school, to the extent that services can be provided in a religiously neutral setting within the private school. These services will be provided during the student's regular school day, unless stated otherwise in the student's service plan.

 - d. If parents/guardians who enroll a student in a private school at their own expense do not provide consent for the initial evaluation or the reevaluation, or the parent fails to respond to a request to provide consent, the district does not use due process procedures to override the lack of consent. The district does not, and is not required to, consider the child as eligible for special education services in these cases.
 - e. If a parent/guardian refuses a reevaluation that is necessary to determine whether the student continues to be a student with a disability, and as a result the team cannot determine the student's continuing eligibility, the student will no longer be considered "eligible" and shall not be counted as a private school student with a disability for the purposes of the private school student count.
 - f. Following an initial determination of eligibility, and upon any subsequent determination of eligibility, the district will notify the parent/guardian in writing that the resident district will make a free appropriate public education available to the student if the student is enrolled in a district program, and conducts a meeting to develop, review or revise the student's services plan.
 - g. If the parent/guardian does not choose to remove the child from private school to enroll in a district public school, the district initiates and conducts a meeting to develop, review or revise the student's services plan, consistent with the procedures for IEP meetings and timeline and in light of the service provision the district has determined through the consultation process.
 - h. The district in which the private school is located does not release evaluation and eligibility determination information or other personally identifiable information to the student's resident district without written parental consent, unless parents/guardians seek enrollment in the student's resident district and the resident district requests records.
