What are the Division 22 Standards?

- All Oregon administrative rules (OARs) set out in Chapter 581, Division 22, Standards for Public Elementary and Secondary Schools.

Example: 581 - 022 - 0102 Definitions
Chp. Div. Rule Title

- The standards that the Oregon legislature or the State Board has determined must be met in order to be a standard school district.
- Compliance with these rules ensures a baseline level of service across the state.

What are the Division 22 Standards Assurances?

Combined Accountability Model

Districts report annually on compliance with each of the standards and include an explanation and corrective action plan for any rule with which the district is out of compliance.

Local Accountability

Districts must:

- report to their local school board by Nov 1
- make a report available on the district website by Nov 1

State Accountability

- Districts must submit assurances to ODE by Nov 15
- ODE reviews all submissions and follows up with districts that have self-reported as being out of compliance

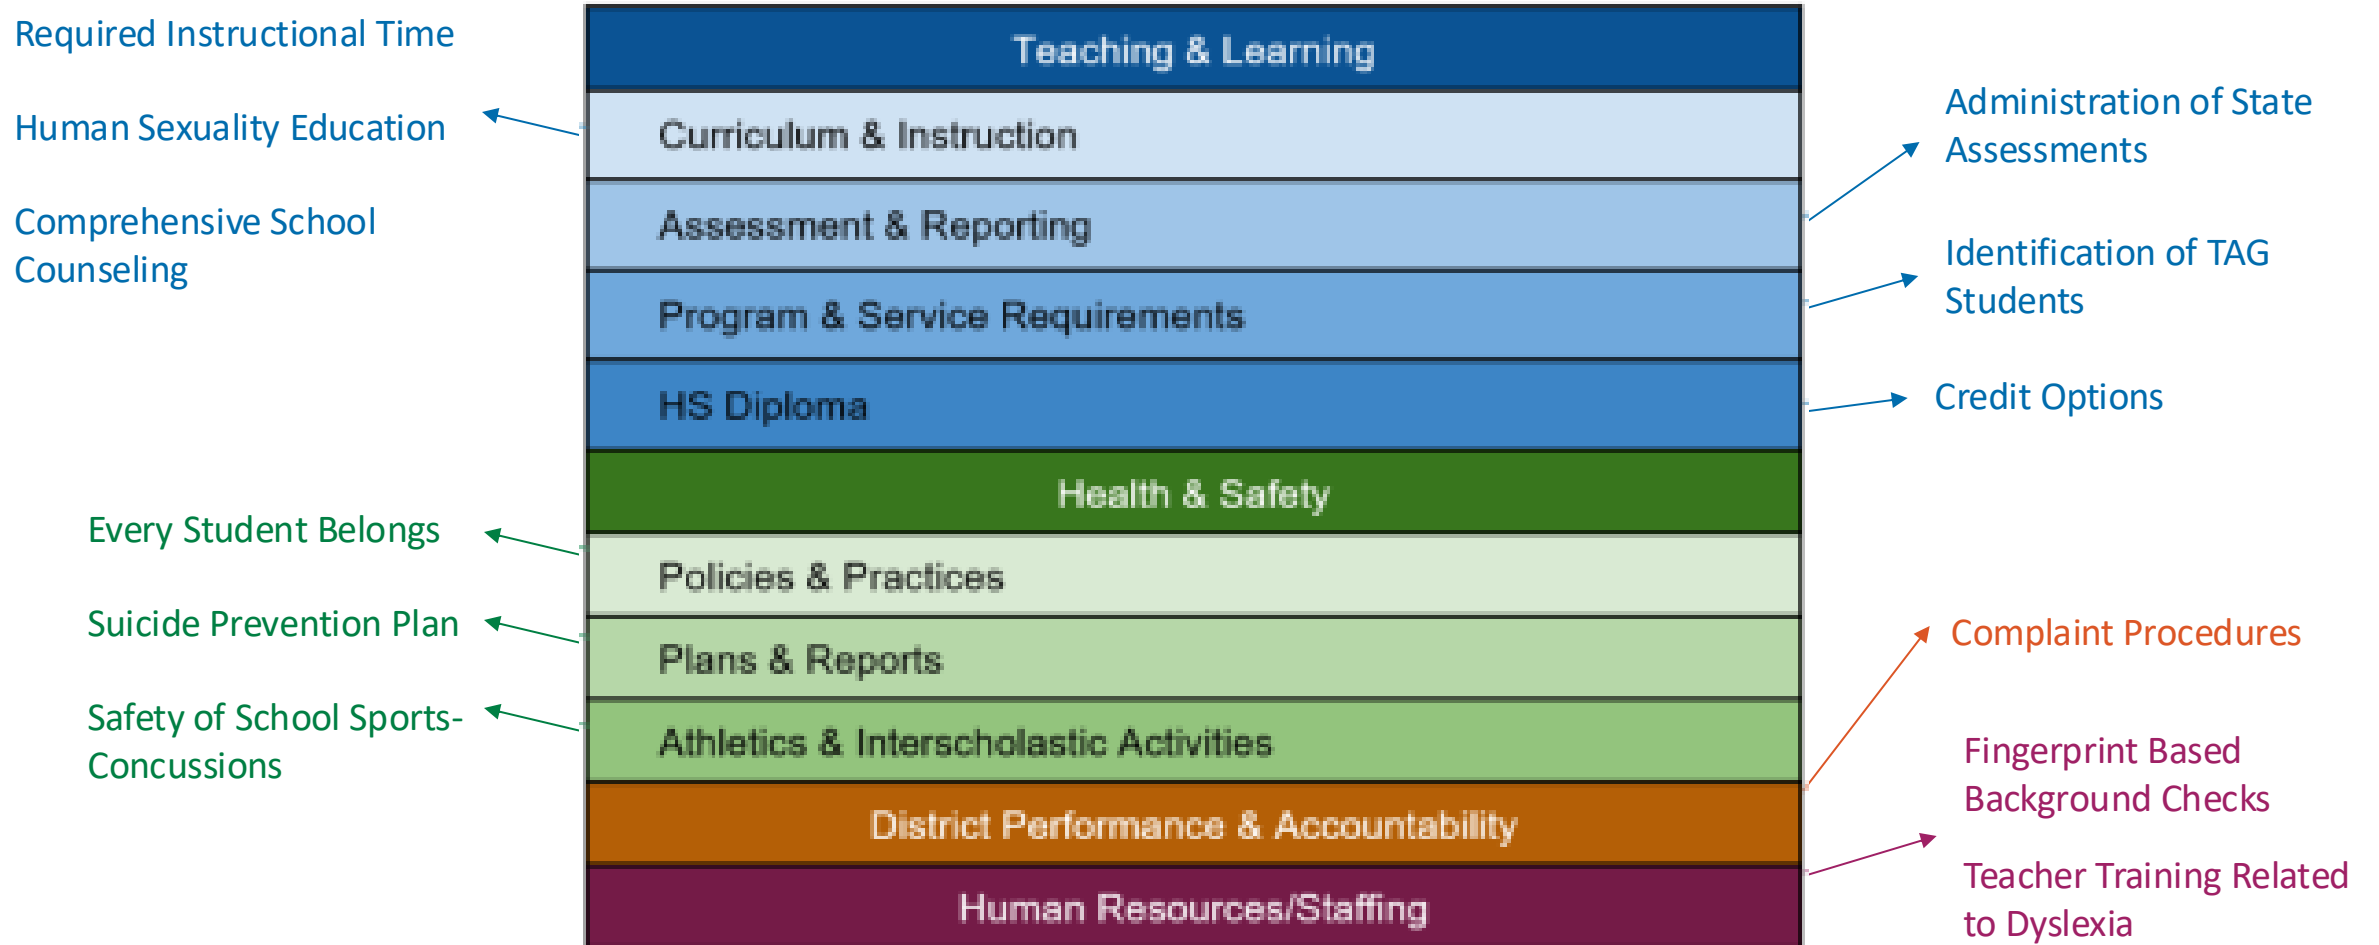

Division 22 Standards & Assurances of Compliance

“Our Why”

- Signals our commitment to providing a high-quality educational experience and equitable opportunities for all students.
- Division 22 standards articulate the floor of the education to be provided to students, not the ceiling.
- Assurances process offers an opportunity for districts not in compliance to reflect on areas in need of attention and receive technical assistance.

Snapshot: Division 22 Categories & Rules

What are the requirements for each of the rules?

Consult the following resources for information:

Resource	Description

What happens if the district is out of compliance?

- ODE reviews the district's proposed corrective action plan and either approves or rejects it.
- If the plan is not approved as submitted, ODE contacts the district and provides technical assistance and support.
- Once the district has an approved plan in place, ODE specialists may continue to provide support, as needed.
- The corrective action must be complete by the beginning of the next school year.
- If a district fails to come back into compliance after an opportunity for corrective action, ODE may withhold a portion of the district's State School Fund monies.
